

Coronavirus and Staying Healthy

The Unique Movers take necessary steps to avoid spread of COVID-19. Our highest priority is to keep our staff and customers safe. We are opened to serve at all our locations. If there are any disruptions in our operations, we will work with alternative moving plans and notify the customer.

The Unique Movers requests all customers to extend the same courtesy. If you contact with a person supposedly infected with coronavirus or if at least one of the following conditions are observed, please contact office prior to your move date.

We highly appreciate your cooperation, support, and responsibility.

We promise you our continuous efforts to prevent the spread of COVID-19 and follow all strict guidelines by the official public health and government. We always take responsibility to meet your moving requirements.

We always respect your trust.

Sincerely,

The Unique Movers Management.
